

ULTRA COMPACT.®

PRODUCT CATALOG

**ULTRA COMPACT.®**

**WHY IS SKIN CARE SO IMPORTANT?**

The skin is the body's first of defense against every possible threat present in the environment. Therefore keeping your skin clean and healthy will effectively retain this protective barrier while leaving it soft and moisturized.

**BUILD A SKIN CARE ROUTINE.**

Regardless of your skin type a daily skin routine can help you maintain overall skin health. For maximum effectiveness, you need to apply your skin care products in the correct order. A good skin care routine is only as good as how you use your products.

**THE FUTURE IS NOW**

Having beautiful and healthy skin as you get older means making good choices throughout life. How your skin will look in five or ten years depends on the way you care for it now. Just as doing the right things now will yield future benefits. Beautiful skin is a lifelong process and developing a daily skin care routine today can help you keep beautiful skin into the future.

**LOOK GOOD FEEL GOOD**

It is a pretty well-known fact that you will feel better when you look better. Having healthy and properly nourished skin can help boost your confidence and motivation. Simply stated, when we look good we feel good.

# Reward Your Skin

# Long Lasting Smoothness

## Ingredients:

Aqua (Water), Potassium Thioglycolate, Cetearyl Alcohol, Paraffinum Liquidum, Petrolatum, Ceteareth-20, Calcium Hydroxide, Octyldodecanol, PEG 75 Lanolin, Glycerine, Urea, Sodium Laureth Sulfate, Phenoxyethanol, Parfum (Fragrance), Ethylhexylglycerin, Tocopheryl Acetate, Geraniol, Linalool, Hexyl Cinnamal, D-Limonene.

## HAIR REMOVAL CREAM

Ultra Compact hair removal cream dissolves the hair just below the surface of the skin, unlike shaving, which slices through the hair just above the level of the skin. It's such an easy process, it can be done in the shower, or just before, and requires little effort. Because you're not dealing with blades, the risk of pain is minimized, and the risk of cuts is a thing of the past. It gently and effectively removes body hair in 5-10 minutes. Different skins have different levels of sensitivity of course, so it's important to test an amount of the cream on a small patch of skin before you attempt to remove hair over a larger area.

- ⊖ Free of SLES & SLS, Parabens, Alcohol and Colorants.
- 💧 Dermatologically tested.

250 ml.

ULTRA COMPACT®  
Facial Care Cream  
ALL SKIN TYPES

ULTRA COMPACT®  
ULTRA COMPACT®  
ULTRA COMPACT®

#### D- PANTHENOL

As a potent moisturizer, it is used for intensive moisturizing in hair, nail, and skin care applications. Panthenol improves skin elasticity and offers antiaging effects by stimulating collagen production. It helps skin appear youthful and plumping the pores.

#### ALOE VERA

Aloe vera contains high levels of potassium. When applied to the skin, it helps improve common skin problems especially seen in dry skin conditions such as rash and redness. It removes dead cells and boosts cell renewal. It helps moisturize, rejuvenate, and soothe the skin. It restores the oil balance of the skin by preventing extra shiny skin.

#### SHEA BUTTER

High concentrations of fatty acids and vitamins make shea butter an ideal cosmetic ingredient for softening skin. Shea butter also has anti-inflammatory and healing properties. Using shea butter on your body, especially your face, can condition, tone, and soothe your skin.

#### ALLANTOIN

Allantoin protects the skin against UV- induced cell damage. It contains antioxidant properties and prevents skin dryness. Allantoin has tissue - repairing properties.

#### VITAMIN E

Vitamin E Promotes cell regeneration and helps repair skin damage. Thanks to its antioxidant properties, it prevents sebum oxidation by neutralizing harmful free radicals. Thanks to its moisturizing properties, it also helps maintain the skin's moisture balance and makes it smoother. Sebum is a substance produced in the sebaceous glands and it turns darker through contact with the air (oxidation) which results in blackhead formation.

#### CUCUMBER EXTRACT

It helps shrink enlarged pores. Thanks to its high Vitamin C content, it helps the skin look dewy and young. It supplies moisture on the skin.

#### LACTIC ACID

Lactic acid is necessary for the protection of external genital region. By keeping the pH in the genital region low, it maintains acidic protective layer of the skin. Acidic pH prevents harmful micro organisms.

#### CHAMOMILE EXTRACT

Thanks to its antiseptic properties, it helps heal acne, wound and bruise appearance faster and removes dead skin cells. It helps brighten the skin color. Thanks to its high content in vitamins it meets vitamin needs of the skin and eases skin conditions as eczema and acne.

#### SALICYLIC ACID

Salicylic acid has become a popular skincare product as it can get, and it is widely known for treating acne-prone skin types. Essentially the acid breaks down cells that hold together to reveal tightening. The radiant, fresh skin underneath. It purifies the skin. At the same time, it prevents possible problems such as the build-up of dirt and oil on the skin by tightening.

#### HYALURONIC ACID

Hyaluronic acid is a miraculous molecule that can hold nearly 1000 times its weight in water. It is a powerful substance that helps the skin to keep the tissues well lubricated and moist. Hyaluronic acid is naturally found in the body, and the body can produce this acid itself. When applied to the skin, hyaluronic acid makes the skin look smooth, bright, dewy, and natural. It helps remove acne scars and prevent new acne from forming.
